

GOOLWA Supreme Pro Cycles 2 Day Race Combined Results

March 2 and 3rd 2013

**Apologies for the delay at presentation.*

**The computer that had been set up to do the calculation failed and a manual calculation had to be done*

**Added to this there were some issues raised that distracted and delayed those doing the calculations*

Riders for each day where awarded points depending on placing (10 points for first down to 1 point for tenth)

Points were then combined and a ranking given for those riders that completed both races.

If two riders had the same points then the rider with the lowest combined time was ranked highest
